Innovation: The Gift That Keeps On Giving

Has Christmas abundance survived inflation?

Gale Pooley, an economist and co-author of *Superabundance*, recently calculated time prices for twelve bundles of Christmas items.

He found that, since 2019, all but two have become more abundant.

Technology, Not Politics or Penance, Solves Climate Change

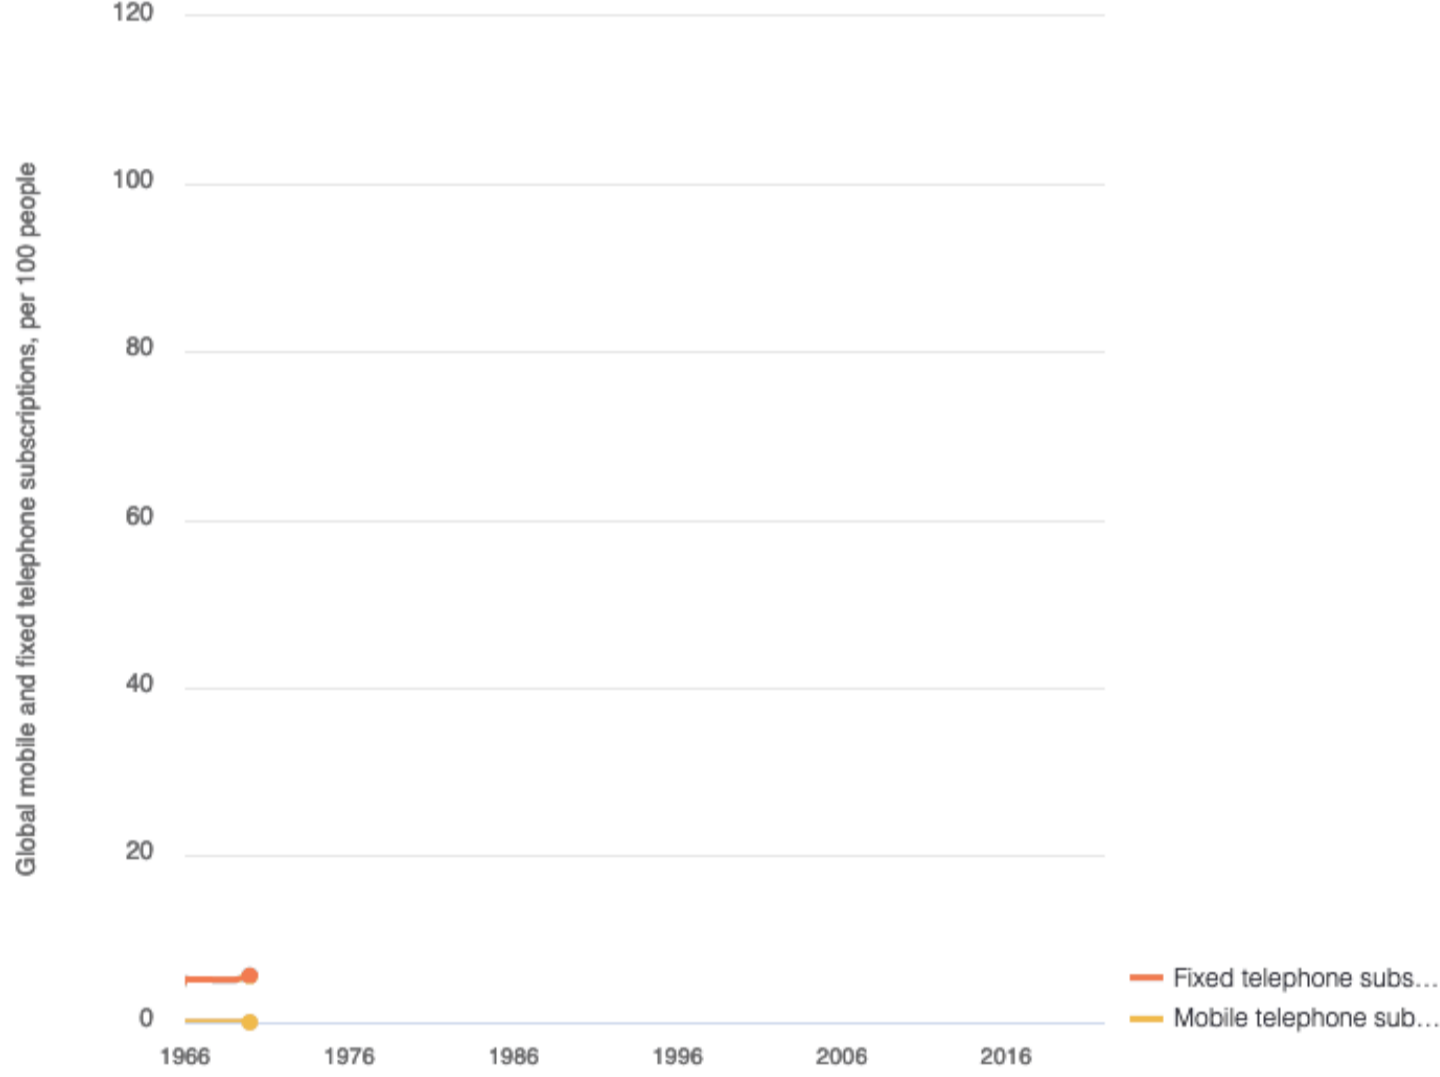

Quotas, limits, taxes, and restrictions won't solve climate change. Hard-working tinkerers just might.

Global mobile and fixed telephone subscriptions

per 100 people, 1960-2022

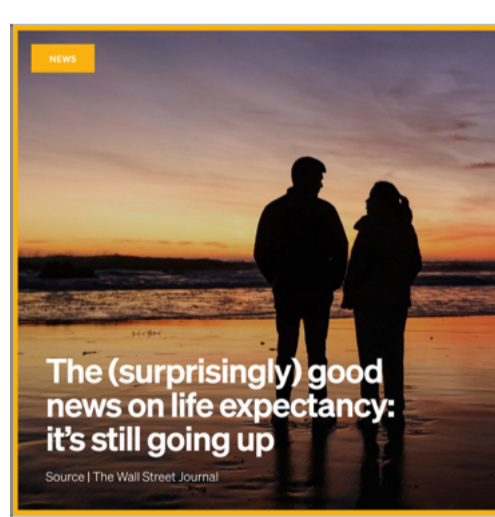

Human Progress 

The landline phone never reached more than a fifth of the world's population.

By adopting cellular technology, developing countries were able to leapfrog that economic bottleneck.
